# WHAT IS THE LAUNDRY PRESS?

The laundry press is an efficient solution to the age-old chore of laundry. Customers drop off their laundry at any time to one of our lockers in their office or apartment building.

Following international success across North America and Europe in cities such as Chicago, San Francisco and Amsterdam, the Laundry Press has now arrived in Ireland.

## HOW DOES IT WORK?

- Add an amenity to your building by placing the Laundry Press lockers in a common area of your residential, commercial or office property.
- Residents will enjoy convenient dry cleaning, wash & fold laundry services and other bespoke services without leaving their building.
- Our lockers are 100% free to install with no cost to the property.
- We can be placed in buildings with as few as 20 apartment units. Plus, they are highly space efficient; so we only need about 600mm x 900mm to install.
- Our lockers don't require any hook-ups, so no electricity, no internet, and no water.
- The Laundry Press collects the laundry, has it cleaned (dry/wet/ironed) and delivered
- Back to the locker - from where the customer collects it at their convenience.
- And we guarantee that you and your tenants love the service!

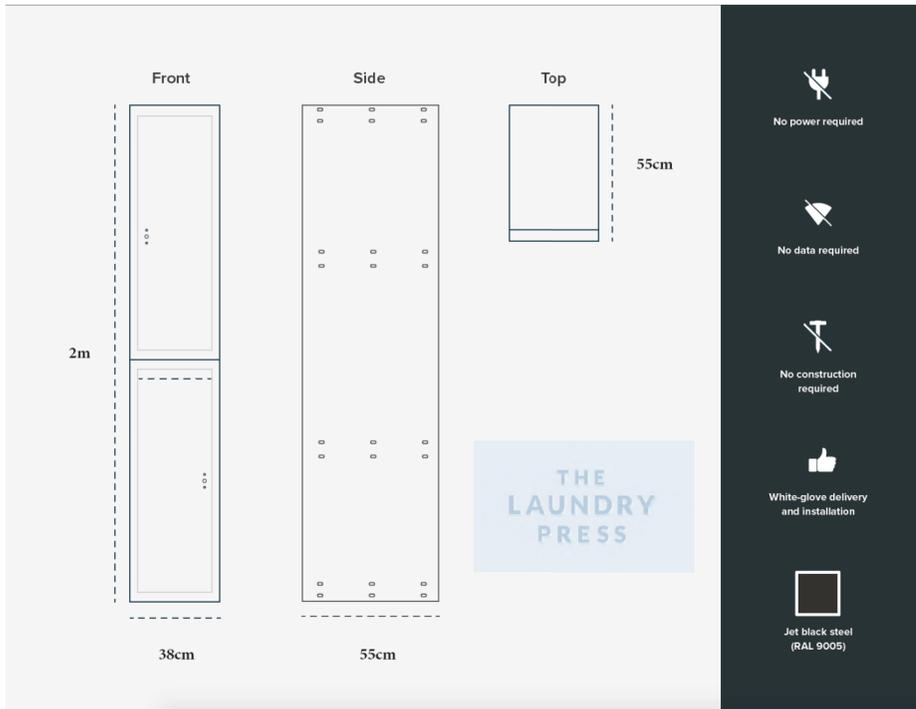

### DROP OFF & LOCK UP

### HOME DELIVERY

### CONCIERGE

# WHY CHOOSE THE LAUNDRY PRESS?

- Removal of liability from front desk, for misplaced orders/items (when our lockers are used)
- We email/text customer when items are returned, reducing the time/cost of doormen/concierges focusing on dry cleaning orders. They can instead focus on security and other tasks resulting in about 10-15 hours per week in lower expense per property.
- All drivers are employed directly by the laundry press and are fully insured so no public liability risk for the building.
- Welcome discount gift cards & free vip garment bags for all residents.
- Discounted pricing for property managers & employee uniforms.
- Patented inventory process with barcoding, pictures/video, & gps tracking on each order. Plus email/text delivery confirmation for free (removes expense of employee emails/calls)
